**Envoy to Moscow Aryeh Levin 1996** On 3 January 1991, Aryeh Levin raised the flag over the Israeli consulate in Moscow for the first time in 24 years. Mr. Levin's sojourn in a hostile Russian capital from 1988 to the presentation of his credentials in 1991 takes place against a background of earthshaking events. His four-year tenure is a struggle to establish Soviet-Israeli relations on a solid footing and to facilitate the immigration of almost half a million Russian Jews. It is also a battle against misconceptions and narrow-mindedness on both sides. Mr. Levin's story is inextricably entwined with the process of reform and eventual collapse of the Soviet Union. An intimate knowledge of Russian and Middle Eastern politics gained from years of service in military intelligence and in the Israeli Foreign Ministry, and his fluent command of Russian, make Mr. Levin an acute observer of the workings of the Soviet system and the Russian character. His memoir provides candid portraits of leading public figures, both Russian and Israeli, including Mikhail Gorbachev, Boris Yeltsin, Eduard Shevardnadze, Shimon Peres, David Levy and Yitzhak Shamir.

**Struggle for Domination in the Middle East Shai Har-El 1995** This two-part volume offers a comprehensive account of the conflict between the Ottoman and Mamluk Empires. Part Two offers a detailed description of the actual war of 1485-91, and analyzes it from various angles including military, economic, and diplomatic. Based largely on Ottoman, Mamluk and Italian primary sources - documentary and narrative - the volume helps to understand the second and final war between the Ottomans and Mamluks in 1516-17, which resulted in the downfall of the Mamluk Empire and the firm establishment of Ottoman power in the Middle East.

Chapters are devoted to ghostly and other pilgrims, the significance of Jerusalem, the beginnings of the pilgrimage in the time of kings David and Solomon, pilgrimages under Roman and Byzantine rule, Christian and Muslim pilgrimages in the early Islamic period, pilgrimages in the First Crusade and its aftermath, more crusades and pilgrims during the Ayyubid and Mamluk dynasties, pilgrimages under Ottoman rule, pilgrimages under the British and Israelis, and the unity among pilgrims and the symbolism of the journey.

The Land of Scholars spans from the Three Kingdoms period in 18 BC to the Joseon dynasty in 1910. Guide to U.S. Foreign Policy Robert J. McMahon 2012-08-02 At no time in American history has an understanding of the role and the art of diplomacy in international relations been more essential than it is today. Both the history of U.S. diplomatic relations and the current U.S. foreign policy in the twenty-first century are major topics of study and interest across the nation and around the world. Spanning the entire history of American diplomacy—from the First Continental Congress to the war on terrorism to the foreign policy goals of the twenty-first century—Guide to U.S. Foreign Policy traces not only the growth and development of diplomatic policies and traditions but also the shifts in public opinion that shape diplomatic trends. This comprehensive, two-volume reference shows how the United States gained "the strength of a giant" and also analyzes key world events that have determined the United States' changing relations with other nations. The two volumes' structure makes the key concepts and issues accessible to researchers: The set is broken up into seven parts that feature 40 topical and historical chapters in which expert writers cover the diplomatic initiatives of the United States from colonial times through the present day. Volume II's appendix showcases an A-to-Z handbook of diplomatic terms and concepts, organizations, events, and issues in American foreign policy. The appendix also includes a master bibliography and a list of presidents; secretaries of state, war, and defense; and national security advisers and their terms of service. This unique reference highlights the changes in U.S. diplomatic policy as government administrations and world events influenced national decisions. Topics include imperialism, economic diplomacy, environmental diplomacy, foreign aid, wartime negotiations, presidential influence, NATO and its role in the twenty-first century, and the response to terrorism. Additional featured topics include the influence of the American two-party system, the impact of U.S. elections, and the role of the United States in international organizations. Guide to U.S. Foreign Policy is the first comprehensive reference work in this field that is both historical and thematic. This work is of immense value for researchers, students, and others studying foreign policy, international relations, and U.S. history. ABOUT THE EDITORS Robert J. McMahon is the Ralph D. Mershon Professor of History in the Mershon Center for International Security Studies at The Ohio State University. He is a leading historian of American diplomatic history and is author of several books on U.S. foreign relations. Thomas W. Zeiler is professor of history and international affairs at the University of Colorado at Boulder and is the executive editor of the journal Diplomatic History.

A Georgian Saga Meherafroze Mirza Habib 2005 "The book provides an insight into the lives of Mirza Khusro Beg, a scion of a princely family of Georgia, and Fareedun, whose father was a nobleman from the ancient ruling tribe of Saqez. Both were from the Caucasus, and were very young when fate intervened to uproot them from their homeland, and bring them to the deserts of Sindh thousands of miles away. In 1805, when Khusro was seventeen, he was brought to Hyderabad and adopted by Mir Karam Ali Khan Talpur, the ruler of Sindh. Some years later, Fareedun, also an orphan, joined Khusro in Hyderabad, eventually to become his son-in-law." "Meherafroze Habib also traces the historical background that led to the migration of the author's ancestors from Georgia to

Sindh during the early 1800s, and recreates the era of domestic feudal revolts, the rapidly changing montage of conquerors, and the imposition of foreign rule by rival imperial powers in Georgia. The second half of the book focuses on Khusro's life as a young man and his relationship with the Mirs of Sindh, and continues with the family history until the twentieth century."--BOOK JACKET.

American History Told by Contemporaries Albert Bushnell Hart 2002-07 This volume draws less on documents - charters, messages, resolutions, declarations, instructions, statutes, and treaties - than on those kinds of material in which the personality of the writer plays a greater part - journals, letters, reports, discussions, and reminiscences. The first half of this volume is to show the interest and the continuance of colonial history from the end of the seventeenth century to the outbreak of the Revolution. The lessons of this Aforgotten half-century@ are not to be found in the petty events of each colony, but in the growth of principles of government and of a social and economic system. Hitherto it has been hard to study this important formative period, because the illustrative material was so scattered - perhaps this volume will help to bring out the significance of the growth of an American spirit which made union and independence possible. The history of the American Revolution, which is the subject of the second part of the volume, has usually been written as annals of military campaigns. This volume brings out, from the writings of the time, the real spirit of the Revolution: the ill-judged restrictive system of the home government; the passionate arguments for and against taxation; the fervor of the irregular opposition in the colonies. Patriots, Englishmen, and loyalists speak for themselves, and thus make clear that increasing and unappeasable discontent which preceded and explains the Revolution. Our forefathers did interesting things and left entertaining records. The story of our nation=s development is clearer for the suggestions made by these writers. They are prejudiced; they see but a part of what is going on; they leave many gaps; but, after all, they tell the story. The collection was selected and edited in 1900 by Albert Bushnell Hart, Professor of History at Harvard University, and a well-respected and published scholar.
