Bad Feminist by Roxane Gay (Summary) QuickRead Do you want more free book summaries like this? Download our app for free at <https://www.QuickRead.com/App> and get access to hundreds of free book and audiobook summaries. Discover Why Being a Bad Feminist is Better Than Not Being a Feminist At All. When you hear the word feminism, what do you think of? In today's climate, you likely think about the many women's marches and the #MeToo movement that have taken over the media. All of these fight for the rights of

women in every area of life, including equal pay, reproductive rights, and more. But according to Roxane Gay, feminism is flawed. There is no right or wrong way to be a feminist, which is why Gay proudly labels herself as a bad feminist. As a bad feminist, Gay recognizes that humans are flawed, and therefore, their views and opinions don't always fit perfectly into a neatly wrapped package. For instance, while Gay enjoys going against the grain, her favorite color is still pink and she enjoys reading Vogue, both of which are typical female stereotypes. At the end of the day, feminism looks different for everyone but being a bad feminist is better than not being a feminist at all! As you read, you'll learn how reality television is harmful to the fight for equality, how racial profiling can end in murder, and how movies like *The Help* only advance racial stereotypes.

Never Mad Again James Fontaine 2012-03-06 *Never Mad Again* is the definitive guide to overcoming anger, improving relationships, and developing an ongoing sense of inner peace and balance forever. It discusses where anger and personal conflict comes from and what we can learn about ourselves and others as we learn to release the powerful influence of the ego. *Never Mad Again* uncovers the psychological mechanics of rationalization and rage by exposing the complex tricks of the ego, including establishing blame to garner approval and seeing ourselves as right in every situation. *Never Mad Again* creates the foundation for the real work of releasing defensiveness and the need to control others' emotions and states of being. It explores the possibility that the conditions of anger can be changed with awareness of the ego and a determination to release old emotional patterns. Written in a straightforward way, *Never Mad Again* empowers the reader to finally ask the most important question of all:

who am I really?

Darfur Genocide: The Essential Reference Guide Alexis Herr 2020-03-06 This important reference work offers students a comprehensive overview of the Darfur Genocide, with roughly 100 in-depth articles by leading scholars on an array of topics and themes, and more than a dozen key primary source documents. Stretching beyond Darfur to situate Sudan within the scope of its African, colonial, human rights, and genocidal history, this reference work explores every aspect of the Darfur Genocide. Covering hundreds of years, this book explores the religious, ethnic, and cultural roots of Sudanese identity-making and how it influenced the shape of the genocide that erupted in 2004. As the first reference guide on the Darfur Genocide, this text will enable readers to explore an array of critical topics related to the atrocities in Sudan. The book opens with seven key essays collectively providing an overview of the genocide, its causes and consequences, international reaction, and profiles on the main perpetrators, victims, and bystanders. These are followed by entries on such crucial topics as the African Union, child soldiers, the Janjaweed, and the Lost Boys and Girls of Sudan. Leading scholars offer perspective essays on the primary cause of the Darfur Genocide and on whether the conflict in Darfur is a just case for intervention. Expertly curated primary documents enrich readers' ability to understand the complexity of the genocide. Offers an indispensable resource for anyone interested in the Darfur Genocide specifically and genocide studies in general Explains the historical and modern contexts that drive the Darfur Genocide, shedding light on the cultural, political, and social factors that

have allowed it to continue for more than 15 years Sketches the many complexities that help explain why the United Nations and international community at large have failed to stop the atrocities Features entries written by leading experts on the Darfur Genocide Provides the text of speeches by Sudanese leaders, national and foreign policy briefs, peace treaties, and United Nations Reports related to the Darfur Genocide

Moving from Fear to Freedom Grace Fox 2007-08-01 Fear was not part of God's original agenda for his creation. It slithered onto the scene when Adam and Eve sinned, causing a tear in their relationship with God. And even though fear touches every life and can still debilitate people today, the news isn't all bad. Popular speaker and author Grace Fox demonstrates how believers can face their fear and actually let it be a catalyst for change. Readers will learn how to stop hiding from God and instead develop a deeper relationship with Him. This is what she calls "the upside of fear": When we cry out to God for help, He answers, and we experience Him in new ways. Each chapter highlights a particular area where readers can begin to experience freedom from fears about their personal identity, their finances, their kids, the future, and more.

Astral Projection For Beginners Lisa Amado 2021-07-28 How To Travel The World Beyond Just Dreaming and Without Leaving Your Home?(Proven Techniques Inside) How you ever

had this feeling the moment you were transitioning from awake to sleep that is absolutely amazing? Would you like to see yourself and travel wherever you want without moving your physical body? Have you ever wondered if Astral Projection is real or not and whether you can learn it without becoming a master yogi or some type of meditation guru? If you answered "Yes" to at least one of these questions, please read on... I was wrong. Dead wrong. I thought that astral projection and all those out-of-body experiences are just some hallucinations or magical gimmicks that are not even real. Oh, may I was wrong. It was the first time I was in India about 15 years ago when I spent over 6 months there and got the experience beyond my expectations. And inside this book, I would like to share with you probably the most exciting piece of that experience and teach you how you can safely leave your body and achieve the level of connection with it you didn't think was possible. And that goes beyond just traveling the world. Take a look at what's inside: - What is astral projection, and why can it be valuable to you beyond just an amazing experience of mind traveling and leaving your body? - Is astral projecting dangerous? (a must-read chapter for the ones who've never done it before!) - Essential energy concepts and how to achieve the level of energy when your mind leaves your body and becomes an independent being? - What is the easiest way to effective astral projection? (for some, it take months to master this, and I will give you the shortcut) - Can you get stuck out of your body if you astral project? And how to make sure you come back at it the exact time you want - Astral projection techniques for beginners and advanced - special training to improve your Astral Skills and go beyond just leaving your physical body - Best techniques of the astral projection (these techniques are

not for everyone, so be cautious once you try them out) - Practical advice about how to astral travel (from my own experience + some of the best practices from most experienced gurus) - Much much more... Again. You don't have to be some "super-yogi" to put these techniques into action and succeed with them. Just follow the instructions inside this book and enjoy the journey! The Neurotic's Guide to Avoiding Enlightenment Chris Niebauer, Ph.D. 2014-03-10 Has self-improvement really improved the self? More than ever people are on a quest for self-improvement and enlightenment. People are "watching" their egos or losing their egos in order to find peace of mind or to get along better with others. And yet, the more we try to lose our ego, the more of it there is to lose. The more we try to make peace, the more we find conflict. It is exactly what happens when we try not to think of the number 3 and that is all we can think about. Our efforts seem to have the opposite effect and this is due to the way the left side of the brain processes information. Neuroscience discovered that the left brain makes up elaborate stories and convincing explanations. It is the left brain that makes up the most elaborate and convincing story of all, the story of who you think you are. And the more we try to get out of this story, the deeper we find ourselves in it because it is the

function of the left brain to work on the law of opposition. Try not to be anxious and that's exactly what happens. Try not to worry and you will be flooded with anxious thoughts. And the same is true for self-improvement. The more we try to improve our story, the more the story needs to be improved. The left brain excels at these games even when it plays by pretending not to play. If I said that all attempts at self-improvement are futile, how would you respond? Would you reflexively think I'm wrong? Is there any way not to play these games of the left brain? Which part of your brain do you think is asking this question? This book was written for the ordinary person who has an extraordinary curiosity for who they are, how thoughts work and why they cannot control their thoughts. It is a practical guide that uses examples from my kids, favorite movies and TV shows from the 80s and 90s along with simple exercises so you can see for yourself if any of this is on track. While no special knowledge of neuroscience is required, you may understand many of the examples if you've seen an episode or two of Star Trek or Seinfeld. While this work is based on the teachings of Alan Watts and Eckhart Tolle it integrates the findings of modern neuroscience which surprisingly reveals a similar message. It is the desire for enlightenment that is the biggest block to happiness and peace, in fact, it is the only block. It is not until one gives up the quest to find oneself, improve oneself or be more spiritual, that one can ever find the peace they are looking for. And it is not your ego that gives up this quest, it is you. For more info please see my blog at <http://worriedbuddha.com/>

Stand for Life John Ensor 2022-05-03 Of the 1.2 million abortions performed annually in the U.S., more than 500,000 are performed on college-aged women. They make up 44% of all

abortions in the country. So it is not surprising that there is a large, thriving network of pro-life groups on college campuses. These groups serve to advocate for pro-life and educate other young people about the physical, emotional, psychological and spiritual effects that abortion has on women. While there are online guides and booklets on the topic, there are currently very few if any books that are specifically geared for use by young advocates for this cause. Now there is Stand for Life, a manual that addresses tough questions in a format that is concise and straightforward. Topics include: Defending your pro-life views in five minutes or less Understanding the sanctity of human life Simplifying the abortion debate Developing a Christian response to abortion Debate: keeping cool under fire Q&As about such thorny issues as unsafe abortions, abortion when mothers lives are at risk, my body, my choice, and more

Revolte Nadav Eyal 2020-01-31 Unsere Weltordnung zerfällt – und der renommierte israelische Journalist Nadav Eyal hat einen Namen dafür: Revolte. Nationalismus, Migration, Klimawandel und politische Verwerfungen – in einer scharfsinnigen Analyse erzählt Eyal die Geschichte des 21. Jahrhunderts. Seit Jahren reist er auf den Spuren dieser Entwicklung durch alle Kontinente. Sein Bestseller ist eine große Erzählung über eine bedrohliche neue Welt im Werden. Nadav Eyal reist ins kollabierte Griechenland, spricht mit deutschen Neonazis und Dürre-Opfern in Sri Lanka. Er problematisiert die sinkenden Geburtenraten bei wachsendem Wohlstand und erklärt am Beispiel seines Großvaters und zweier syrischer Jugendlicher den Wandel der Migration. Rund um den Erdball wüten dezentrale, führerlose Aufstände gegen die Idee des Fortschritts – ein breites und kompromissloses Aufbegehren

gegen die Globalisierung. Eyals dramatische Gesamtschau macht klar: Wir werden kämpfen müssen, um unsere freiheitlichen Werte zu bewahren.

The Overcoming of History in War and Peace Jeff Love 2004 The Overcoming of History in “War and Peace” marks a radical departure from the critical tradition dominated by Sir Isaiah Berlin's view that the novel is deeply divided against itself, a majestically flawed contest of brilliant art and clumsy thought. To the contrary, Jeff Love argues that the apparently divided nature of the text, its multi-leveled negotiation between different kinds of representation, expresses the rich variety of the novel's very deliberate striving to capture the fluidity of change and becoming in the fixed forms of language. The inevitable failure of this striving, revealing the irreducible conflict between infinite desire and finite capacity, is at once the source of new beginnings and the repetition of old ones, a wellspring of continually renewed promises to achieve a synoptic vision of the whole that the novel cannot fulfill. This repetitive struggle between essentially comic and tragic conceptions of human action, far from being a pervasive flaw in the texture of the novel, in fact constitutes its dynamic center and principal trope as well as the productive origin of the unusual features that distinguish it as an uncommonly bold narrative experiment.

Mindfulness for Surviving Life's Challenges Courtney Sunday 2019-11-19 Meditations for moving through pain and toward peace: “Your best defense in our chaotic world.” —Carly Hueber, wellness coach Mindfulness can be one of the most potent antidotes to suffering—there is no better example of moment-to-moment awareness than when you are in pain. Mindfulness for Surviving Life’s Challenges is a book of exercises to help you feel less alone, to make you laugh, and to remind you that although you may not be able to leave your pain behind you, you can give yourself empowering tools to move forward. It offers fifty meditations divided into two sections: one to see you through the period of deep physical or emotional pain and the other for when you are ready to move forward with your new normal. Included are meditations for: When You Can’t Do the Things You Used to Do When You Feel Isolated When You Don’t Recognize Yourself Anymore When There is No Comfortable Position When You Can Imagine Getting Better When Smiling Becomes the Norm Rather Than the Exception When You Remember Who You Are (And Who You Were) Mindfulness expert Courtney Sunday writes from the lens of her own pain journey as she coped with a severely herniated disc after childbirth—to show us that even if pain is present in the body, we can still find a way to free our minds.

Finding Your Own Happy Elana Davidson 2018-10-02 Part self-help, part personal narrative, Finding Your Own Happy gives the perpetual soul searchers, who seem to continually experience inner turmoil and emotional upheaval, the missing insights, keys, and tools that could finally make the difference. With more than just trite answers or quick fixes to complex problems, transformational kinesiologist Elana Davidson takes those searching for happiness deep into their own experiences and psyche to help them discover what is true for them, and what is uniquely required for them to feel sane and happy. Finding Your Own Happy serves as an in-depth guide for the conscious soul searcher who wonders why, after so much work on themselves, they still aren't all that happy. Inside, Elana helps readers understand why therapy isn't making a difference, the impact of adverse childhood

experiences, and why everyone needs their own individual methods to reach happiness. Finding Your Own Happy isn't a one-size-fits-all prescription of happiness but rather points readers in the right direction and gives them the tools to discover on their own what will get them to a place of true happiness and wellbeing in their life.,

Guided Self-Healing Meditations Maria Porges 2020-04-22 Do you frequently experience stress and anxiety even when you have no cause for worry? Do you often think about the worst-case scenario or see the negative in everything and has seeing life through clouded lenses added to your misery? Do you often experience a sense of despair and a lack of direction in life? Would you like to lead a more empowered, meaningful, and purposeful life that is rich in happiness, meaning, and peace? If you answered YES to these questions, it's clear that you are struggling with chronic negativity, stress, and tensions, and that you are ready and willing to do whatever it takes to tackle and eliminate these elements so that you can start living a well-balanced and beautiful life. Anxiety is often here to stay for the long haul unless something significant is done about it. Severe cases of anxiety require professional help when it can cause significant disruption to your ability to function in your personal, social, and professional life. People with anxiety disorders are often associated with depression. That is, the more reason people with anxiety disorders are usually diagnosed with depression. Anxiety is defined as an emotion marked by the experience of fear or worry. Anxiety is, however, to be distinguished from fear, which most scientists regard as a natural reaction to a perceived threat. If you analyze your issues, you will realize that "internal peace" is the lacking element and that inasmuch as you may think you will find

peace "out there," true peace comes from within. After all, was the Buddha not right when he noted the following truth? "Peace comes from within. Do not seek it without." - Buddha The peace, meaning, happiness, and empowerment you seek are within you. This concept may be hard to grasp, but that is the reality; external peace and happiness found in material possessions is ephemeral. Lasting peace and happiness are internal and if you think about it deeply for a minute, you will realize the truth in this statement. Our mind's fixation with the past and the future instead of the present moment is the problem. It's the reason why we feel unhappy and detached from our lives and truest selves. Our mind's seemingly innate inability to focus on present moment is the reason why undue stress and worry has become part of our lives. Not living in the present is why biased or phony whims and wishes control so many of us. Being unconnected with the present moment, mindful of yourself and your needs, and aware of the exact 'things' that bring you happiness and meaning is also why your life lacks structure and a depth. If you want to live a richer, more fulfilling life, start being more mindful; that is the secret to lasting internal happiness and peace in life. This book covers the following topics: Mindfulness meditation Anxiety Signs, Symptoms and Causes of Anxiety and Depression Emotional Stress and Relaxation Techniques How to Manage Activities to Reduce Anxiety Using Exposure to Eliminate Fear How to Help Someone with Panic Attacks or Panic Disorder Understanding Your Anger Anger Management Techniques Natural Remedies for Chronic Anxiety Benefits of mindfulness meditation Sleep disorders? Bedtime stories for anxiety 30-minute guided meditation for sleep, relaxation, & stress relief ...And much more Meditation is a simple and beautiful practice whose primary aim is to help you

discover, explore, accept, and acknowledge your true self. A lack of awareness of who we are is the reason why we pursue the 'wrong things,' take lots of weird directions in life, and keep making U-turns every now and then. Ready to get started? Click "Buy Now"!

Your Guide to Peace and Happiness Michal Kawalek 2020-05 You Are About To Discover How To Stop Looking For Peace And Happiness In The Wrong Places And The Right Path To Finding The Peace And Happiness You So Much Desire! Ever wondered why you're ever so restless? Never finding contentment in what you do, no matter how much you achieve? Ever wondered why you're never "getting there" where you're finally successful, happy and satisfied and peaceful? If so, then you've been approaching everything all wrong. You see, happiness isn't connected to anything physical. It isn't connected to wealth or anything like that. It's something free, something we're born with and carry in our minds throughout our lives- it's just that some of us find it early, others late, while others never even discover it - ever! But it's there, in your mind, and in people around you. Cliché as it may sound, in order to find happiness and peace, you need to find yourself first. So how do I do that? I've tried understanding myself countless times before without any success... how do I do it right? What has it got to do with other people? How would that help me achieve success? What is the right way to engage, manage and harness my emotions to feel better and achieve peace? I'm quite sure these are some of the questions that are running through your mind right now- that's why I'm presenting this master guide to you. It will give you all the answers, and a clear direction on what you need to do to not only find happiness and success, but also succeed in your professional life. Take a look at what you'll learn from it: Why self-development is important How to develop yourself by knowing yourself, your genuine desires

and life's vision How to build a growth mindset and boost your potential How to take meaningful action for effective self-development How to manage your emotions and thoughts by being mindful of your immediate environment How to engage your emotions mindfully and understand them Tips to manage your emotions to feel better and happier How to support others and spread happiness with love How to contribute towards society positively How to focus and work on your professional and financial development ...And much more! This is a total beginners' book that will serve as your lifetime's manual for self-discovery for self-development and keep you on track for the things everyone's been searching for: Happiness, peace and success. Remember that when you discover yourself, you've already unlocked the door that's been keeping happiness at bay. Even if you feel lost and clueless as to what to do to become the happier and peaceful version of yourself, this book will hold you by the hand until you achieve just that. Don't wait... Awkward Dominion Frank C. Costigliola 2018-08-06 In *Awkward Dominion*, Frank Costigliola offers a striking interpretation of the emergence of the United States as a world power in the 1920s, a period in which the country faced both burdens and opportunities as a result of the First World War. Exploring the key international issues in the interwar period—peace treaty revisions, Western economic recovery, and modernization—Costigliola considers American political and economic success in light of Europe's fascination with American technology, trade, and culture. The figures through which he tells this story include Herbert Hoover,

Calvin Coolidge, Henry Stimson, Charles Lindberg, Ernest Hemingway, and Henry Ford. Worldview Guide for War and Peace (Canon Classics Literature Series) Samuel Dickison 2019-05-08 "There is a shelf load of great books whose mere size places them in a special category. These are the heavy hitters; slap some mortar between them and you have a fortress. ... Leo Tolstoy's War and Peace is perhaps the most formidable of these books. But the most impressive thing about Tolstoy's magnum opus is that over three hundred and sixty-three chapters and well over half a million words he not only crafts a compelling story, but presents a view of life deeper and more vivid than many authors ever dream of." ~ from Samuel Dickison's guide
