Grounded theory Barney G. Glaser 2010 Der Klassiker über den qualitativen Forschungsansatz der "Grounded Theory", geschrieben von den Entwicklern dieser Methode "Obwohl unser Buch sich in erster Linie an Soziologen richtet, glauben wir, dass es jedem nutzen kann, der daran interessiert ist, soziale Phänomene zu untersuchen politischer, pädagogischer, wirtschaftlicher, industrieller oder welcher Art auch immer." In der Tat ist "Grounded Theory" quer durch die wissenschaftlichen Disziplinen zum Standardbegriff der qualitativen Sozialforschung geworden. Die inzwischen zum Klassiker avancierte Arbeit von Glaser und Strauss eröffnet eine lehrbare und auch lernbare Forschungsstrategie. Das Konzept bietet eine Antwort auf das Problem, die oft schmerzlich empfundene Lücke zwischen empirischer Forschung und Theorie zu schliessen.

The Allure of Toxic Leaders Jean Lipman-Blumen 2006 Toxic leaders, both political, like Slobodan Milosevic, and corporate, like Enron's Ken Lay, have always been with us, and many books have been written to explain what makes them tick. Here leadership scholar Jean Lipman-Blumen explains what makes the followers tick, exploring why people will tolerate--and remain loyal to--leaders who are destructive to their organizations, their employees, or their nations. Why do we knowingly follow, seldom unseat, frequently prefer, and sometimes even create toxic leaders? Lipman-Blumen argues that these

leaders appeal to our deepest needs, playing on our anxieties and fears, on our yearnings for security, high self-esteem, and significance, and on our desire for noble enterprises and immortality. She also explores how followers inadvertently keep themselves in line by a set of insidious control myths that they internalize. For example, the belief that the leader must necessarily be in a position to "know more" than the followers often stills their objections. In addition, outside forces--such as economic depressions, political upheavals, or a crisis in a company--can increase our anxiety and our longing for charismatic leaders. Lipman-Blumen shows how followers can learn critical lessons for the future and survive in the meantime. She discusses how to confront, reform, undermine, blow the whistle on, or oust a toxic leader. And she suggests how we can diminish our need for strong leaders, identify "reluctant leaders" among competent followers, and even nurture the leader within ourselves. Toxic leaders charm, manipulate, mistreat, weaken, and ultimately devastate their followers. *The Allure of Toxic Leaders* tells us how to recognize these leaders before it's too late.

Glencoe Accounting: First Year Course, Student Edition McGraw-Hill Education 1999-03-10 Solid content and the newest technology combine to create the most comprehensive real-world accounting program available! Economy and Society: Selected Writings Karl Polanyi 2018-07-04 Few figures are more crucial to understanding the upheavals of our contemporary era than Karl Polanyi. In a world riven by social and economic crises, from rising inequality to the decay of democratic institutions and profound technological disruption, Polanyi's path-breaking account of the dynamics of market capitalism and his defence of society and nature against the dangerous tendencies of the market capitalist system are more relevant than ever. This book brings together Polanyi's most important articles and essays to give a unique selection of his essential shorter writings, mixing classic texts with significant but previously little-known pieces. It highlights the coherence and

richness of Polanyi's theoretical and political approach, making it indispensable for understanding his overarching intellectual contribution. The volume includes his interwar writings, which deal with the world economic crisis and the socialist alternative to conservative and fascist developments; his reflection on political theory and the international situation after the war; and his comparative studies of economic institutions. Polanyi's political writings are complemented and supported by the critique of economic determinism and what he termed 'our obsolete market mentality'. This book is an invaluable companion to Polanyi's masterpiece, *The Great Transformation*, and an essential resource for students and scholars of political economy, sociology, history and political philosophy.

Business English at Work Susan Jaderstrom 2003-06 Written in a conversational tone, *Business English at Work 2e* by Jaderstrom and Miller is a four-color text that takes a totally new learning approach to relating Business English to the workplace. Telecommunications, customer service, online references, and a host of other real-world topics connect directly to activities and exercises in grammar, punctuation, vocabulary, spelling, word division, and sentence writing/revising.

Essentials of Business Law Joseph G. Bonnice 2002-12 The fifth edition of this popular textbook presents a broad, practical approach to the study of business law principles and practices. The material has been extensively revised and updated to reflect recent developments in the legal field, and every chapter includes an abundance of real-world examples that illustrate the law at work. In-depth coverage of the latest issues in business law, including new coverage of technology, environmental, and international law, is also provided. Photos and a new, engaging design make the book easy to teach and understand, and the new and expanded pedagogy, with an emphasis on teachability and assessment, offers teachers and students a wealth of opportunities for enriching the learning experience. Students will come away with a clear understanding of business law topics and be able to identify, explain, and apply the principles of business law in the world around them.

Innovation, Technology, and Market Ecosystems Rajagopal 2019-09-13 This edited book brings together international insights for raising rich discussion on industrial growth in the twenty-first century with a focus on the Industry 4.0 drive in the global marketplace, which is driven by innovations, technology, and digital drives. It delineates multiple impacts on business-to-business, business-to-consumers, the global-local business imperatives, and on the national economy. The chapters critically analyze the convergence of technology, business practices, public policies, political ideologies, and consumer values for improving business performance in the context of Industry 4.0 developments. This contribution will enrich knowledge on contemporary business strategies towards automation and digitization process in manufacturing, services, and marketing organizations. The discussions across the chapters contemplate developing new visions and business perspectives to match with the changing priorities of industries in the emerging markets.

Jacob Spon Roland Étienne 1995 Jacob Spon né à Lyon en 1647 est une

belle figure de la " crise de la conscience européenne " du Grand Siècle. Médecin, alors que la médecine est encore un discours plutôt qu'une science, il tire de sa formation un regard aiguisé et le sens de l'observation qui lui permettent d'occuper une place de choix parmi les savants qui ont contribué à la naissance de l'archéologie, terme qu'il est le premier à employer et à définir dans la préface de son ouvrage : *Miscellanae eruditae antiquitatis* (1679). Il révèle les antiquités de sa ville, et écrit la première histoire imprimée de Genève. Bravant la peste et les corsaires, le mauvais temps et les brigands, il voyage de 1674 à 1676 et fait découvrir à ses contemporains l'Italie, la côte Dalmate, la Grèce et le Levant, dans une relation qui fut traduite en plusieurs langues, et qui devint le guide des voyageurs instruits jusqu'à l'époque romantique. Protestant convaincu, il préfère s'exiler plutôt que d'abjurer, et meurt à Vevey, en décembre 1685, deux mois après la révocation de l'Edit de Nantes.

Microcomputer Accounting Greg Anders 2001-06 This text-workbook consists of 14 tutorial chapters that provide extensive coverage of accounting topics and offers a balance between reading and hands-on activities. Each chapter features an end-of-chapter application problem. The text and template disks are compatible with Peachtree Complete, Release 8.0.
