Nelson Mandela 2014-01-25 »Ich bin einer von ungezählten Millionen, die durch Nelson Mandelas Leben inspiriert wurden.« Barack Obama Eine fast drei Jahrzehnte währende Gefängnishaft ließ Nelson Mandela zum Mythos der schwarzen Befreiungsbewegung werden. Kaum ein anderer Politiker unserer Zeit symbolisiert heute in solchem Maße die Friedenshoffnungen der Menschheit und den Gedanken der Aussöhnung aller Rassen wie der ehemalige südafrikanische Präsident und Friedensnobelpreisträger. Auch nach seinem Tod finden seine ungebrochene Charakterstärke und Menschenfreundlichkeit die Bewunderung aller friedenswilligen Menschen auf der Welt. Mandelas Lebensgeschichte ist über die politische Bedeutung hinaus ein spannend zu lesendes, kenntnis- und faktenreiches Dokument menschlicher Entwicklung unter Bedingungen und Fährnissen, vor denen die meisten Menschen innerlich wie äußerlich kapituliert haben dürften.

Evil and the Retributive Hypothesis G. C. Nayak 1993 The book devotes itself mainly to critical examination of a system of belief, viz., the theistic belief. The problems of retributive justice, survival, personal identity, meaning of religious language, etc., come under the purview of discussion in course of this critical examination. The book, with its characteristically analytic and critical approach, raises certain interesting issues and tackles them with a freshness of insight, thus making significant contribution to the world of philosophy in general and to the area of philosophy of religion in particular.

Mysteries of Life, Death and Beyond Patrick J. Conte MD PhD 2016-07-06 The book Mysteries of Life, Death and Beyond, illustrates the fantastic odyssey of human kind from the dawn of creation and through the evolution of mind, body and spirit in order to attain our final destination of self-realization and union with the Supreme Creator. It provides an answer to the age old philosophical question, what is the meaning of life? Learn what was present prior to the Big Bang and what happened at the time of the Big Bang based upon our current scientific knowledge. Discover how galaxies and our solar system were formed and how life began on planet earth. Understand the theory of evolution of the animal species and the eventual development of mankind. Find out what really happened in the Garden of Eden and who were the fallen angels, and were there really giants in those days? Find out if there is life after death and where do we go. Do we get more than one chance in life to attain heaven based upon the theory of reincarnation? The concept of the triune brain indicates that the human brain is in essence made up of three parts- the reptilian brain, the limbic system and the neocortex, each performing separate neurologic functions but yet interconnected. Find out how each affects our thoughts and actions for both good and bad. Learn how the seven major energy centers of the body help guide us from material existence up to the higher realms of spirituality and how you can balance each chakra.

Life After Death Swami Vivekananda Perhaps no other subject has haunted the human mind, right from the hoary past, with such unerring consistency like the one regarding life and death. Is man mortal or immortal? What is reincarnation? What happens when a man dies? Every man is forced to ask these questions at some juncture of his life. This booklet published by Advaita Ashrama, Publication House of Ramakrishna Math, Belur Math, India, provides brief but clear answers to these fundamental questions.

Reincarnation & Hyperlink Theory CARLOS RUIZ POLEO 2013-03 A vision-type dream on someone so far unknown to him and a series of personal experiences shatter the religious convictions of the author of this book as he struggles for more than twenty years to find a logical explanation for inter-connected events and premonitory dreams. In the search for his possible connection with the man in the dream, an ex-president of the USA, he analyzed several theories and finally found one that suggest another world and the existence of one life or many others beyond this one. Straining against all that he had previously believed he initially discounts the possibility of reincarnation but after countless discards and rejections he finally accepts it as being the only rational explanation to the doubts presented. In a process of past-life regression, inexplicable new evidence and memories appear which are later corroborated. However, he blatantly refuses to accept these memories as being his own because there is no scientific approach to justify their existence in his mind, as there had been no regular inputs or physical recording process in the brain which could account for their presence. As a result of this, a theory forms in the author's mind which he refers to as Hyperlink', which could offer a rational explanation for the possible access to remote memories of past lives and opens in the process a window on a world without the limits of time or space; one in which reincarnation links all.

Kaste, Karma, Kremation Sophia Siebert 2011-12-21 Im nordindischen Varanasi oder Benares wohnt nach Vorstellung gläubiger Hindus ihr Gott Shiva - der große Zerstörer und Erneuerer. Durch ihn wurde die Stadt am Ganges zum größten Pilgerzentrum des Subkontinentes. Denn jedes Wesen, das hier sein Leben beendet, soll dem Kreislauf der Wiedergeburten in die endgültige Erlösung entkommen. Nach Varanasi kommen darum Millionen Menschen für einen "guten Tod". Sophia Siebert untersucht unter Rückgriff auf Theorien aus der Sozial- und Medizinanthropologie das Beziehungsgeflecht von Tod und Macht in der Millionenstadt Varanasi. Dort sind etwa die Verbrennungsmeister auch 60 Jahre nach der offiziellen Abschaffung des Kastensystems sozial stark benachteiligt. Sie leben am Rande der Gesellschaft, obgleich sie den Toten einen so wichtigen Dienst erweisen. Die Autorin destilliert die Essenz hinduistischer Mythologie zu Körper, Seele und Tod, Wiedergeburt und Erlösung und gleicht diese in der Tradition der Alltagsforschung mit den realen Vorstellungen religiöser Laien und Spezialisten ab. Was macht einen guten oder einen schlechten Tod aus? Warum wird eine Hölle als Vorstufe zum Nirwana konzipiert? Wie kann man in einer Stadt leben, deren Moralsystem (Karma) durch das Erlösungsversprechen eines Gottes ad absurdum geführt wird? Und: Ist der Tod, wie Michel Foucault formulierte, wirklich "das Ende der Macht"?

Sai Spiritual Mystic Wisdom Acharya Purushottamananda 2016-09-28 In the literature published about Sai Baba of Shirdi, his divine sports are generally described overlaid with the emphasis on Hindu orientation and eulogy so as to create devotion in the readers' mind for him as a Hindu God or Deity. This has led to creation of his idolatory. There is hardly any literature available that deals with his spiritual mystic wisdom, which can be seen interspersed in his conversations and occasional seemingly, bizzare utterances on certain occasions. He used to suggest certain books to his close devotees for Shravan, Manan and Nidhidhyasan in the conclave of the learned ones among them, and also at times himself making their expositions in his conversations. In the present book an authoritative attempt is made to delineate The Spiritual Mystic Wisdom of Sai Baba based on integration of Sahaj Raj Yoga, Karm Yoga, Bhakti Yoga and Jnana Yoga as he used to refer to devotees for their spiritual pursuits. Acharya Purushottamananda, former Professor of Education, Jamia Millia Islamia University, New Delhi, was born on 28" January, 1935 in a Jat Zamindar family with historic tradition of valour and patriotism in Tehsil Iglas of Aligarh District. He came in contact with the Revolutionary movement for the independence of India, and the Arya Samaj Movement under the legendary leadership of Raja Mahendra Pratap of Mursan. He received his education leading to the post-graduation in Political Science at Aligarh. He joined the government of India service in the Ministry of Rehabilitation, but later went for further education. He received Master's degree in Education from the University of Aligarh and also from the University of Manchester, UK. Presently, he is engaged in peripatetic mission by joining spiritual congregation of different orders, where he is welcome; but has no organizational links with any religious or cult organizations.

Discourses on Aging and Dying Suhita Chopra Chatterjee 2008-05-20 Aging and dying are inevitable. However, coming to terms with this truth can be difficult, especially in the modern context with an excessive dependence and faith in biomedicine. Advances in biomedicine and life-prolongation strategies along with changes in social-cultural structures pose a different kind of predicament - the percentage of aging population is on the rise and, at the same time, traditional strategies for taking care of the elderly and their problems are being replaced by more impersonal state-driven methods. India, with its large population, poor biomedical facilities for the average person and widespread poverty, yet fast changing attitudes towards family and the aged, faces a great crisis today. The collection of essays in this volume addresses different aspects of this issue. The first section is both philosophical and prescriptive. It explores our rich religious and philosophical tradition to probe the very concepts of life and death and then suggests strategies - age old and time-tested - for coping with the inevitability of aging and dying. Hindu, Buddhist and Islamic perspectives on aging, dying, euthanasia and related concepts are explored and coping strategies suggested. The second section deals with socio-ethical issues related to aging and dying in the Indian context, in light of the existing state of affairs and possible directions for the future. The third and final section looks at the most pressing problems that confront both Indian society and medicine - end-of-life care.

Five Lectures on Reincarnation Swami Abhedananda 2015-06-29 Vedanta Philosophy: Famous lectures in Yoga from the last survivor of the direct disciples of Ramakrishna. "The doctrine of Reincarnation says that each individual soul is potentially perfect and is gradually unfolding its powers and making them actual through the process of Evolution." -Swami Abhedananda Swami Abhedananda compiled for you this fabulous book of his five lectures on reincarnation. In each lecture he examines the beliefs of religions and cultures while explaining the scientific basis of reincarnation. This is a very deep book and powerful to those who seek a deeper understanding of reincarnation. "In these discourses the Swami Abhedananda considers the questions of evolution and the resurrection in their bearing upon the ancient teaching of rebirth, the truth, logic and justice of which are rapidly permeating the best thought of the Western world. For the preservation of this doctrine mankind is indebted to the literary storehouses of India, the racial and geographical source of much of the vital knowledge of Occidental peoples. Reincarnation is shown in the present volume to be a universal solvent of life's mysteries. It answers those questions of children that have staggered the wisest minds who seek to reconcile the law of evolution and the existence of an intelligent and just Creator, with the proposition that ma has but a single lifetime in which to develop spiritual self-consciousness. It is commended to every thinker." -Mind, February, 1900 "It is a work which will appeal to the novice for its simplicity and definite quality, and to the student for its wealth of knowledge and suggestion." -Vedanta Monthly Bulletin, September, 1907 "The book should prove a valuable acquisition." -The Evening Sun, N. Y., December 21, 1907 "This is the work of a man of fine education and fine intellect....(Reincarnation) as expounded by Swami Abhedananda is very plausible, quite scientific, and far from uncomfortable. The exposition contained in this little book is well worth reading for all students of metaphysics. There is not the slightest danger of its converting or perverting any one to a new and strange religion. Reincarnation is not religion, it is science. Science was never known to hurt anybody but scientists." -Brooklyn Eagle, December 13, 1907 Contents I.--Reincarnation II.--Heredity and Reincarnation III.--Evolution and Reincarnation IV.--Which is Scientific, Resurrection or Reincarnation? Ramakrishna: Mein Meister Swami Vivekananda 2020-10-11 Sri Ramakrishna (1836-1886) war der berühmteste indische Heilige im 19. Jahrhundert. Er lehrte die Gleichwertigkeit und Harmonie aller Religionen, hatte oft Ekstasen und Visionen und war ein Verehrer der Göttlichen Mutter Kali. Sein engster Schüler Swami Vivekananda brachte nach seinem Tod seine Botschaft in den Westen. Dieses Büchlein, das 1901 erschienen ist, enthält einen Vortrag, den Swami Vivekananda in New York über seinen Meister gehalten hat. Es bietet eine Gesamtschau der außergewöhnlichen Persönlichkeit Ramakrishnas im kulturellen und spirituellen Kontext seiner Zeit und ist somit eine ideale Einführung für alle, die sich mit diesem Heiligen näher befassen oder auch nur einen ersten Einblick nehmen wollen. Angefügt ist außerdem ein Artikel über Ramakrishna von Protap Chunder Mazoomdar, der 1897 im Theistic Quartely Review erschienen ist.

Vivekananda Swami Nikhilananda 2004 Vivekananda ist der berühmteste Schüler des großen Mystikers und Weisen Ramakrishna. Es gelang ihm, eine Brücke von Ost nach West, zwischen den Religionen und Völkern zu schlagen. Sein messerscharfer Verstand, seine außergewöhnliche Denk- und Konzentrationskraft, seine geniale mystische Schau, seine unermüdliche Tatkraft und Menschenliebe und sein gerechter Zorn angesichts der versklavten Massen setzten den heutigen sozialen Strukturwandel in Indien in Bewegung und brachten dem westlichen Menschen neue Impulse zur eigenen geistigen Höherentwicklung. Auf der spirituellen Grundlage des Advaita-Vedanta, der Einheit allen Seins legt er uns als besonders wichtige Form der Gottesverehrung den Dienst am Menschen ans Herz: "Mag ich wieder und wieder geboren werden und tausendfaches Elend erleiden, wenn ich nur den einzigen Gott verehren darf, der existiert, den einzigen Gott, an den ich glaube: die Gesamtsumme aller Seelen." Vivekananda zeigt uns unsere eigene Göttlichkeit und die Methoden, wie wir sie in jedem Augenblick unseres Lebens zum Ausdruck bringen können. Seine Worte lassen die Poesie des göttlichen Einen erklingen und sind, wie Romain Rolland schrieb, "Melodien im Stil Beethovens, erregende Rhythmen in Händels Musik".

Go Forward Swami Premeshananda 2018-06-19 Swami Premeshananda was a venerable monk of the Ramakrishna Order who was greatly respected by one and all for his life of spirituality and service. We find in the pages of this book the basic questions of life placed on the firm foundation of the philosophy of Vedanta. We learn how abstract spiritual ideas took concrete form in Sri Ramakrishna's religious practices and how by clinging to the ideal of Sri Ramakrishna we can solve all the problems of our life. And we find all this presented in a manner which is intelligible, rational, scientific, scripturally sound, and at the same time full of sweet humor. This is a revised single volume edition of the original in bengali translated by Swamis Swahananda and Sarvadevananda.

Tagebuch der Gespräche mit Ramana Maharshi Devaraja Mudaliar 2011 Ein wertvolles Dokument ber Ramana Maharshi (1879-1950), den Weisen vom Berg Arunachala. Devaraja Mudaliar hat vom 16.3.1945 bis zum 4.1.1947 ein Ashram-Tagebuch gef hrt, in dem er die Gespr che mit Ramana Maharshi sowie die Ereignisse im Ashram dokumentiert hat. Es ist vergleichbar mit Gespr che des Weisen vom Berg Arunachala, das in der Zeit von 1935 bis 1939 entstanden ist, und berschneidet sich teilweise mit Nagammas Briefen aus dem Ramanashram (1945 bis 1950). Es ist neben den oben erw hnten B chern eines der bedeutendsten Dokumente, die aus erster Hand

ausführlich von Ramanas Lehre und seinem täglichen Leben in den späteren Jahren berichten.

Transition, Infinity, and Ecstasy Suresh Hariram 2016-01-15 Though modern astronomers and astro-phycisists like Stephen Hawking have their doubts about interstellar travel there are countless references to inter-dimesional travel in mostly ancient Indian texts: The 'Kandha Puranam' (nearly 17 million years ago) mentions that the Asura (Titan) King 'Sooran' ruled over 1008 universes and had 'vimanas' or flying crafts that could in an instant travel all over space cutting across dimensions at tremendous speed, that could hover in mid-air, over water, disappear and re-appear all of a sudden and had a host of stealth-weapons, even 'nuclear-winter' is mentioned for it is said that the entire world was enveloped in darkness caused by Sooran during the war; Lord Muruga possessed the 'Peacock Craft' that could circumvent the '14 worlds' and fly beyond in a micro-second and his "missile with the lengthy flame" (nedunchudar Vel) was 'voice-activated' and re-useable and was so powerful that it blew up into smithereens the 'Kraunja' mountain which even our modern day nuclear weapons cannot do according to scientists; The Ramayana (1.7 million years ago) mentions that Emperor Ravana's 'Pushpaka vimana' which he captured from 'Kubera' the Lord of riches in heaven could host "as many passengers as it takes", there were stun-weapons and stealth-technology; In the Mahabharata war (3500 b.c.) nuclear weapons like the 'brahmastra' were used and there is mention of numerous flying crafts of the Lords (Angels) of Asuras (Titans) and Rakshasas (Demons) who all travelled to and fro from the upper and lower worlds; The 'Sri Linga Purana' mentions that Lord Brahma's 'Swan Craft' flew and transcended the seven upper worlds while Lord Vishnu's 'Boar Craft' 'tunnelled' through the seven lower worlds and went even beyond 'Baathala' the lowest plane which all reminds us of blackholes being portals and shortcuts to parallel universes which is being theoretically proved today!; More than 2500 years ago the Japanese Royal Family's ancestors met with the 'Sun God' who landed on Mount Fuji and were presented with a sword and an orb which are still in the Imperial Palace in Japan; The native Indian's forefathers living on 'sun Island' on lake Titicaca in South America were visited by the Sun God; The Dogon tribes of Mali have a tradition that their forefathers had sailed on a great ship that flew down from Sirius the star, but what is interesting is that they don't wear spacesuit-like gear and celebrate their home-coming once every fifty two years which is when Sirius comes in direct alignment with our world!

Die Weisheit des Verzeihens Victor Chan 2007-07-17 Das Verzeihenkönnen ist eine der größten Tugenden, lehrt uns der XIV. Dalai Lama, der Menschenfreund mit dem Herz und den Gesichtszügen eines innerlich Junggebliebenen. Er sei, so Victor Chan, halb asketischer Superstar, halb knuddeliger Pandabär, ein Mensch von magnetischer Wirkung, der keinen Teleprompter benötigt, um die Zuhörer in seinen Bann zu schlagen. Und so hegt er auch keinen Hass gegen die Chinesen, die ihn 1959 aus Tibet vertrieben. Victor Chan redete bei vielen Gelegenheiten ausführlich mit dem Dalai Lama. Sein Buch ist ein intimer Weg, das Charisma Seiner Heiligkeit zu verstehen.

Der Eingeweihte - Eindrücke einer großen Seele Cyril Scott 2020-04-22 Der Erlebnisbericht eines geistigen Suchers, der seine langjährige Schulung durch einen Meister der Weisheit beschreibt. Es gibt kaum ein vergleichbares Werk der modernen esoterischen Literatur, das auf so faszinierende und ungemein packende Art und Weise Leben und Werk eines großen Eingeweihten schildert. Dieses überaus spannende Buch zeigt, dass die „Meister“ nicht in unzugänglichen Höhlen im Himalaya leben, sondern im Hier und Jetzt ihr segensreiches Wirken entfalten - wenngleich weithin unbemerkt von ihrer Umgebung. Die großen Wissenden sehen und erkennen die Sorgen, Nöte und Schwächen der suchenden Menschheit, und sie setzen ihre ganze Kraft dafür ein, Licht und Inspiration auf der Erde zu verankern. Ein Weisheitsbuch, das voller Humor und aus tiefer Erkenntnis heraus jedem ernsthaft suchenden Menschen ein Licht auf seinem eigenen Weg sein wird! Der erste Band schildert die Begegnung des Verfassers mit seinem Meister und ihre gemeinsamen Erlebnisse in der englischen Gesellschaft.
