PreparedU Gloria Cordes Larson 2017-09-01 How can we as parents, educators, and members of the business community prepare students to be successful leaders in today's global environment? It's a critically important question. Gloria Cordes Larson, president of Bentley University, explains why today's practices in higher education are inadequate preparation for our rapidly evolving innovation economy. Instead, she passionately advocates for a hybrid-learning model that integrates business education with traditional liberal arts courses. Today's businesses demand a new kind of hybrid graduate, possessed of both hard and soft skills, with the courage to take risks, the creativity to innovate, and the savvy to excel in a turbulent competitive climate. This book is a valuable resource for participants in every learning community: our homes, schools, and businesses. It will change the way you think about what excellence in education means in today's business environment as you develop strategies that will move our children, students, and future employees

forward in a rapidly changing and very challenging world. Prepared with that training and knowledge, they will find greater fulfillment and make their own mark on the future.

The Politics of Promotion Bonnie Marcus 2015-03-23 Many women focus on their performance, expecting that if they excel and accomplish the most, they'll get the promotions and recognition they deserve. And yet, all too often, women are outsiders to the networks of power and influence where the decisions are made that affect their careers. They may view politics as dirty; they may be slow to self-promote, build and nurture relationships with key stakeholders, and seek sponsorship. The result? They get blindsided, experiencing deep disappointment when their hard work alone doesn't pay off with an anticipated promotion or raise. Ambitious women understand they must play politics, but how can they learn to do it successfully? The Politics of Promotion

demonstrates to women the importance of understanding workplace politics and provides them with the necessary tools to successfully navigate the political realities of their organization. While there are many books that advise women to be more assertive and embrace their ambition, and books that address office politics, there is little information focused specifically on how women can successfully navigate the politics in the current work environment. The Politics of Promotion provides a unique and proven method to guide women through the complexities of office politics, so that they can avoid a political "blindside" that may sabotage their career.

The Go-Giver Leader Bob Burg 2016-03-29 The classic companion to the international bestseller The Go-Giver 'Share this book with those you care about' Seth Godin 'A manifesto for twenty-first-century leadership packaged in a fun and engaging story. But despite his best efforts, he can't convince anyone to buy in to the deal. During his week at the company, Ben realizes that his aggressive style is actually making it harder to reach his

goals. Will Ben find a way to sway the shareholders before the climactic vote? The answer may surprise you, as you follow Ben on his journey to understanding that the path to genuine influence lies less in taking leadership than in giving it. Begin Boldly provides a framework for making the kind of bold moves that will get your career off to its best start! Have you ever shied away from taking a risk? Tune In to Wow Leadership Sheri Staak 2015-01-06 A viewing guide to help leaders focus on their own development and set their internal DVR to WOW! The fictional world of TV depicts a plethora of characters who embody what Sheri Staak calls “WOW leadership qualities.” (Incompetents are not in short supply either.) Drawing from classics and recent favorites alike, she showcases heroes or leaders from NCIS to Hawaii Five-O - Blue Bloods as well as villains-from The Sopranos to NYPD Blue to Breaking Bad-to illustrate her insights in entertaining and vividly memorable ways. Far from taking a conventional approach, Staak posits that whether you’re a veteran executive or an aspiring manager, you can learn a great deal about becoming an extraordinary leader by tuning in to popular TV programs. She's selected specific "scenes in episodes" or "instances" that pinpoint what to do and what not to do in the workplace to invest in others, constantly improve your own

skills, build trust, and earn respect. She supplements those “Tune In” features with practical lists of key actions to take to strengthen the character traits every top-notch leader must possess. And for times when you’re faced with an issue such as broken trust or poor communication that must be repaired, Staak draws on her estimable experience to suggest implementable, effective solutions. Those bulleted lists, plus the exercises she calls “WOW in Action,” will help you quickly evaluate where you stand in comparison to the WOW ideal. Be you a Millennial or a Baby Boomer, you’ll learn how to become the type of effective communicator, confident visionary, inspirational motivator, agent of change, and bold decision maker your direct reports will proclaim to be a “great boss.”

Athena Rising W. Brad Johnson 2019-12-03 When it comes to mentoring, women face more barriers than men. Here's how men can help change that. Increasingly, new employees and junior members of any profession are encouraged--sometimes stridently--to "find a mentor!" Four decades of research reveals that the effects of mentorship can be profound and enduring; strong mentoring relationships have the capacity to transform individuals and entire organizations. But the mentoring landscape is unequal. Evidence consistently shows that women face more barriers in securing mentorships than men, and when they do find a mentor, they may reap a narrow range of both professional and psychological benefits. Athena Rising is a book for men about how to eliminate this problem by mentoring women deliberately and effectively. Traditional notions of mentoring are modeled on male-to-male relationships, yet women often report a desire for mentoring that addresses their interpersonal needs. Women want mentors who not only understand this, but truly honor it. Coauthors W. Brad Johnson and David G. Smith present a

straightforward, no-nonsense manual for men working in all types of institutions, organizations, and businesses to become excellent mentors to women, because as women succeed, lean in, and assume leading roles in any organization or work context, the culture will become more egalitarian, effective, and prone to retaining top talent.

The Go-Giver, Expanded Edition Bob Burg 2015-10-20 “Most people just laugh when they hear that the secret to success is giving. . . . Then again, most people are nowhere near as successful as they wish they were.” The Go-Giver tells the story of an ambitious young man named Joe who yearns for success. Joe is a true go-getter, though sometimes he feels as if the harder and faster he works, the further away his goals seem to be. Desperate to land

a key sale at the end of a bad quarter, he seeks advice from the enigmatic Pindar, a legendary consultant referred to by his many devotees simply as the Chairman. Over the next week, Pindar introduces Joe to a series of “go-givers”: a restaurateur, a CEO, a financial adviser, a real estate broker, and the “Connector” who brought them all together. Pindar’s friends teach Joe the Five Laws of Stratospheric Success and help him open himself up to the power of giving. Joe learns that changing his focus from getting to giving—putting others’ interests first and continually adding value to their lives—ultimately leads to unexpected returns. Imparted with wit and grace, *The Go-Giver* is a classic bestseller that brings to life the old proverb “Give and you shall receive.” Nearly a decade since its original publication, the term “go-giver” has become shorthand for a defining set of values embraced by hundreds of thousands of people around the world. Today this timeless story continues to help its readers find fulfillment and greater success in business, in their personal lives and in their communities. This expanded edition includes the text of the original business parable, together with a foreword by Arianna Huffington, a new introduction, a discussion guide, and a Q&A with the authors.
