

# The Arcades Project Walter Benjamin

This is likewise one of the factors by obtaining the soft documents of this The Arcades Project Walter Benjamin by online. You might not require more epoch to spend to go to the books launch as well as search for them. In some cases, you likewise complete not discover the statement The Arcades Project Walter Benjamin that you are looking for. It will definitely squander the time.

However below, taking into consideration you visit this web page, it will be consequently enormously simple to get as with ease as download lead The Arcades Project Walter Benjamin

It will not admit many period as we accustom before. You can get it while action something else at home and even in your workplace. thus easy! So, are you question? Just exercise just what we manage to pay for below as well as review The Arcades Project Walter Benjamin what you later than to read!

Sklaverei Michael Zeuske 2018-02-09 "Sklaverei" – das Wort lässt an afrikanische Arbeiter auf amerikanischen Plantagen denken. Doch Verschleppungen und Zwangsarbeit gab es schon, als die Menschen gerade erst sesshaft geworden waren, und es gab sie so gut wie überall. Michael Zeuske führt in dieser umfassenden Darstellung durch die gesamte Geschichte der Versklavten und der Sklaverei in allen Weltgegenden. Er macht seine Leser mit chinesischen Kindersklaven genauso bekannt wie mit osmanischen Elitesklaven oder den "Hofmohren" in preußischen Residenzstädten. Und er blickt in die Gegenwart. Denn auch heute werden Menschen noch wie Waren behandelt – von der Zwangsprostituierten bis hin zum Kindersoldaten. "Ein vielschichtiger historischer Blick auf ein höchst brisantes Thema." (DIE ZEIT)

The Correspondence of Walter Benjamin, 1910-1940 Walter Benjamin 2019-04-05 Called "the most important critic of his time" by Hannah Arendt, Walter Benjamin has only become more influential over the years, as his work has assumed a

crucial place in current debates over the interactions of art, culture, and meaning. A “natural and extraordinary talent for letter writing was one of the most captivating facets of his nature,” writes Gershom Scholem in his Foreword to this volume; and Benjamin’s correspondence reveals the evolution of some of his most powerful ideas, while also offering an intimate picture of Benjamin himself and the times in which he lived. Writing at length to Scholem and Theodor Adorno, and exchanging letters with Rainer Maria Rilke, Hannah Arendt, Max Brod, and Bertolt Brecht, Benjamin elaborates on his ideas about metaphor and language. He reflects on literary figures from Kafka to Karl Kraus, and expounds his personal attitudes toward such subjects as Marxism and French national character. Providing an indispensable tool for any scholar wrestling with Benjamin’s work, *The Correspondence of Walter Benjamin, 1910–1940* is a revelatory look at the man behind much of the twentieth century’s most significant criticism.

Walter Benjamin Uwe Steiner 2012-08-15 Seven decades after his death, German Jewish writer, philosopher, and literary critic Walter Benjamin (1892–1940) continues to fascinate and influence. Here Uwe Steiner offers a comprehensive and sophisticated introduction to the oeuvre of this intriguing theorist. Acknowledged only by a small circle of intellectuals during his lifetime, Benjamin is now a major figure whose work is essential to an understanding of modernity. Steiner traces the development of Benjamin’s thought chronologically through his writings on philosophy, literature, history, politics, the media, art, photography, cinema, technology, and theology. Walter Benjamin reveals the essential coherence of its subject’s thinking while also analyzing the controversial or puzzling facets of Benjamin’s work. That coherence, Steiner contends, can best be appreciated by placing Benjamin in his proper context as a member of the German philosophical tradition and a participant in contemporary intellectual debates. As Benjamin’s writing attracts more and more readers in the English-speaking world, Walter Benjamin will be a valuable guide to this fascinating body of work.

Walter Benjamin and History Andrew Benjamin 2005-12-01 The first book to examine in detail Benjamin's Theses on the Philosophy of History Benjamin's collection of fragments, Theses on the Philosophy of History, play a determining role in how Benjamin's thought is understood, as well as in the debate about the interplay between politics, history and time.

*Walter Benjamin and History* is the first volume to give access to the themes and problems raised by the Theses, providing valuable exegetical and historical work on the text. The essays collected here are all the work of noted Benjamin scholars, and pursue the themes central to the Theses.

Paris arcades : Documenta (13), [9. 6. 2012 - 16. 9. 2012] Walter Benjamin 2011 1927 begann Walter Benjamin anlässlich eines mehrmonatigen Paris-Aufenthalts mit seinen Überlegungen zu den Pariser Passagen, seinem ambitioniertesten, als Geschichtsphilosophie des 19. Jahrhunderts geplanten Buchprojekt. Aufgrund des mehrfach

unterbrochenen Arbeitsprozesses und schließlich des Freitods Benjamins 1940 in Portbou auf der Flucht vor den deutschen Besatzern blieb das Projekt unvollendet und wurde posthum als Das Passagen-Werk veröffentlicht. Aus den Fragmenten ging unter anderem der Essay »Das Kunstwerk im Zeitalter seiner technischen Reproduzierbarkeit« (1935–1939) hervor. In ihrer Einführung zu einer Auswahl von handschriftlichen Notizen Benjamins verdeutlicht Nikola Doll den Versuch des Autors, »das Prinzip der Montage als erkenntnistheoretische Technik zu integrieren«. Dabei bilden farbige Verweissysteme, Schemata und Diagramme Leitlinien, die durch das Dickicht der Exzerpte und Zitate führen. Benjamins persönliches Farbcodierungssystem zeugt von seinem Versuch, Ordnung innerhalb der Konstellationen seiner Notizen zu schaffen, und von der Spannung zwischen dem Drang zur Struktur und dem Potenzial des offenen Feldes seiner Interessen. Walter Benjamin (1892–1940) war Autor und Philosoph. Nikola Doll (\*1970) ist Kunsthistorikerin und Kuratorin. Sprache: Deutsch/Englisch

The Arcades Project Walter Benjamin 1999

One-Way Street Walter Benjamin 2016-05-02 Presented in a new edition with expanded notes, this genre-defying meditation on the semiotics of late-1920s Weimar culture, composed of 60 short prose pieces that vary wildly in style and theme, offers a fresh opportunity to encounter Walter Benjamin at his most virtuosic and experimental, writing in a vein that anticipates later masterpieces.

'With the Sharpened Axe of Reason' Gerhard Fischer 1996-04 The first five episodes from the seventh series of the relaunched sci-fi adventure series. This time around, the Doctor (Matt Smith), along with companions Amy (Karen Gillan) and Rory (Arthur Darvill) - making their series farewell - are kidnapped by the Daleks; transported to the American wild west; and find themselves having to save Earth from an unlikely invasion. The episodes are: 'Asylum of the Daleks', 'Dinosaurs on a Spaceship', 'A Town Called Mercy', 'The Power of Three' and 'The Angels Take Manhattan'.

Berliner Kindheit um 1900 Walter Benjamin 2022-01-18 "Walter Benjamins autobiografische Kurzprosa nimmt uns mit in das Berlin seiner Jugend. In jene tragische und bedeutungsschwangere Zeit, die an düsteren Vorboten für das Kommende nicht arm war und doch nur von sensiblen und geistreichen Gemütern wie Benjamin gedeutet und eingeordnet werden konnten." Redaktion Gröls-Verlag (Edition Werke der Weltliteratur)

Walter Benjamin and the Arcades Project Beatrice Hanssen 2006-07-27 One of the most significant cultural documents of the Weimar Republic and Nazi era, Walter Benjamin's unfinished Arcades Project has had a remarkable impact on present-day cultural theory, urban studies, cultural studies and literary interpretation. Originally designed as a panoramic study chronicling the rise and decline of the Parisian shopping arcades, Benjamin's work combines imaginative

peregrinations through the changing city-scape of nineteenth-century Paris with passages that read like a blueprint for a new cultural theory of modernity. *Walter Benjamin and the Arcades Project* provides the first comprehensive introduction to this extraordinary work accessible to English-language readers. The diverse range of issues explored include the nature of collecting, the anatomy of melancholy, the flâneur, the physiognomy of ruins, the dialectical image, Benjamin's relation to Baudelaire, the practice of history-writing, and modernity and architecture. Contributors include Susan Buck-Morss, Stanley Cavell, Jonathan Culler, Brigid Doherty, Barbara Johnson, Esther Leslie, Gerhard Richter, Andrew Benjamin, Howard Caygill, Beatrice Hanssen, Detlef Mertins, Elissa Marder, Tyrus Miller, and Irving Wohlfarth.

Walter Benjamin Stéphane Symons 2012-09-19 In *Walter Benjamin. Presence of Mind, Failure to Comprehend* Stéphane Symons offers an innovative reading of the work of German philosopher, essayist and literary critic Walter Benjamin (1892-1940) that characterizes his writings as "neither a-theological, nor immediately theological."

Walter Benjamin's Politics Irving Wohlfarth 2021-05-11 A probing and thorough analysis of the politics of Walter Benjamin. Walter Benjamin is one of the most influential philosophers of the 20th century. Yet, his texts are notoriously dense, and spread across a wide range of subjects, often existing only in note form such as the great unfinished *Arcades Project*. *Walter Benjamin's Politics* offers one of the most lucid and rigorous analyses of Walter Benjamin's work to date. Irving Wohlfarth's work, informed by philosophy, philology and Jewish studies, gives an original and penetrating account of the politics that informed Benjamin's entire career. Here, Benjamin emerges not as the melancholic and sober scholar, but as an engaged political thinker and writer, at once a mystical anarchist and a historical materialist, constantly grappling with the contradictory poles of his thought.

Walter Benjamin and the Architecture of Modernity Andrew Benjamin 2009 Walter Benjamin is universally recognised as one of the key thinkers of modernity: his writings on politics, language, literature, media, theology and law have had an incalculable influence on contemporary thought. Yet the problem of architecture in and for Benjamin's work remains relatively underexamined. Does Benjamin's project have an architecture and, if so, how does this architecture affect the explicit propositions that he offers us? In what ways are Benjamin's writings centrally caught up with architectural concerns, from the redevelopment of major urban centres to the movements that individuals can make within the new spaces of modern cities? How can Benjamin's theses help us to understand the secret architectures of the present? This volume takes up the architectural challenge in a number of innovative ways, collecting essays by both well-known and emerging scholars on time in cinema, the problem of kitsch, the design of graves and tombs, the orders of road-signs, childhood experience in modern cities, and much more. Engaged, interdisciplinary, bristling with insights, the essays in

this collection will constitute an indispensable supplement to the work of Walter Benjamin, as well as providing a guide to some of the obscurities of our own present.

Benjamin's Arcades Peter Buse 2006-09-19 The Arcades Project, Walter Benjamin's unfinished masterpiece, is a brilliant but maddening book. This book looks for the method behind the madness, carefully reconstructing the intellectual and political context of the work and unpacking its numerous analogies, metaphors and conceptual gambits. Written by three literary scholars and one historian, this text is both a reading companion and a vigorous interpretation of one of the most important humanistic texts of the twentieth century.

Moskauer Tagebuch Walter Benjamin 2016-08-06 Walter Benjamin: Moskauer Tagebuch. 1926-1927 Neuausgabe. Herausgegeben von Karl-Maria Guth. Berlin 2016. Umschlaggestaltung von Thomas Schultz-Overhage unter Verwendung des Bildes: Wassily Kandinsky, Moskau I, 1916. Gesetzt aus der Minion Pro, 11 pt.

Das Passagen-Werk Walter Benjamin 2017-08-17 Dieses eBook wurde mit einem funktionalen Layout erstellt und sorgfältig formatiert. Die Ausgabe ist mit interaktiven Inhalt und Begleitinformationen versehen, einfach zu navigieren und gut gegliedert. Walter Benjamin (1892-1940) war ein deutscher Philosoph, Literaturkritiker und Übersetzer der Werke von Balzac, Baudelaire und Marcel Proust. Inhalt: Exposés Paris, die Hauptstadt des XIX. Jahrhunderts Fourier oder die Passagen Daguerre oder die Panoramen Grandville oder die Weltausstellungen Louis-Philippe oder das Interieur Baudelaire oder die Straßen von Paris Haussmann oder die Barrikaden Paris, Capitale du XIXeme siecle Exposé Fourier ou les passages Grandville ou les expositions universelles Louis-Philippe ou l'intérieur Baudelaire ou les rues de Paris Haussmann ou les barricades Conclusion Aufzeichnungen und Materialien Passagen, magasins de nouveaute?s?, calicots Mode Antikisches Paris, Katakomben, demolitions, Untergang von Paris Die Langeweile, ewige Wiederkehr Haussmannisierung, Barrikadenkämpfe Eisenkonstruktion Ausstellungswesen, Reklame, Grandville Der Sammler Das Interieur, die Spur Baudelaire Traumstadt und Traumhaus, Zukunftsträume, anthropologischer Nihilismus, Jung Traumhaus, Museum, Brunnenhalle Der Flaneur Erkenntnistheoretisches, Theorie des Fortschritts Prostitution, Spiel Die Strassen von Paris Panorama Spiegel Malerei, Jugendstil, Neuheit Beleuchtungsarten Saint-Simon, Eisenbahnen Konspirationen, compagnonnage Fourier Marx Die Photographie Die Puppe, der Automat Soziale Bewegung Daumier Literaturgeschichte, Hugo Die Börse, Wirtschaftsgeschichte Reproduktionstechnik, Lithographie Die Kommune Die Seine, ältestes Paris Müssiggang Anthropologischer Materialismus, Sektengeschichte Ecole polytechnique Erste Notizen Pariser Passagen Frühe Entwürfe Passagen Der Saturnring oder Etwas vom Eisenbau Paris-Stadtplan

Ursprung des deutschen Trauerspiels Walter Benjamin 2022-01-31 "Geschichte, Literatur, Sprache, Theologie und Poesie - Benjamin ist hier in seinem Element, wenn er die klassische Tragödie vom deutschen Trauerspiel abgrenzt. Intellektuell und literaturtheoretisch eines der wichtigsten Werke Walter Benjamins mit unbegrenzter Gültigkeit." Redaktion Gröls-Verlag (Edition Werke der Weltliteratur)

Benjamin on Fashion Philipp Ekardt 2020-02-20 Benjamin on Fashion reconstructs and redefines Walter Benjamin's complex, fragmentary and yet influential fashion theory that he developed in the Arcades Project (1927-1940) and beyond, while situating it within the environment from which it emerged - 1930s Parisian couture. In this insightful new book, Philipp Ekardt brings Benjamin into discussion with a number of important, but frequently overlooked sources. Amongst many others, these include the German fashion critic Helen Grund, who introduced him to the contemporary fashion scene; Georg Simmel's fashion sociology; Henri Focillon's morphological art history; designs by Elsa Schiaparelli and Madeleine Vionnet; films by L'Herbier and others starring Mae West; and the photography of George Hoyningen-Huene and Man Ray. In doing so, Ekardt demonstrates how fashion and silhouettes became grounded in sex; how an ideal of the elegant animation of matter was pitted against the concept of an obdurate fashion form; and how Benjamin's idea of 'fashion's tiger's leap into the past' paralleled the return of 1930s couture to the depths of (fashion) history. The use of such relevant sources makes this crucial for understanding Benjamin both as a thinker and a cultural theorist.

Constellations of Reading Carlo Salzani 2009 How to read Walter Benjamin today? This book argues that the proper way is through an approach which recognizes and respects his own peculiar theorization of the act of reading and the politics of interpretation that this entails. The approach must be figural, that is, focused on images, and driven by the notion of actualization. Figural reading, in the very sui generis Benjaminian way, understands figures as constellations, whereby an image of the past juxtaposes them with an image of the present and is thus actualized. To apply this method to Benjamin's own work means first to identify some figures. The book singles out the Flâneur, the Detective, the Prostitute and the Ragpicker, and then sets them alongside a contemporary account of the same figure: the Flâneur in Juan Goytisolo's *Landscapes after the Battle* (1982), the Detective in Paul Auster's *New York Trilogy* (1987), the Prostitute in Dacia Maraini's *Dialogue between a Prostitute and her Client* (1973), and the Ragpicker in *Mudrooroo's The Mudrooroo/Müller Project* (1993). The book thereby, on the one hand, analyses the politics of reading Benjamin today and, on the other, sets his work against a variety of contemporary aesthetics and politics of interpretation. Aphoristic Reading in Walter Benjamin's Arcades Project and Chris Marker's *Sans Soleil*

Miku Dixit 2006

The Arcades Project Walter Benjamin 1999 Critiquing the arcades of nineteenth-century Paris--glass-roofed rows of shops that served as early malls--the author, who wrote the work in the 1920s and 1930s, covers thirty-six still-trenchant topics, including fashion, boredom, photography, advertising, and prostitution, among others.

The Passages of Walter Benjamin The Paris arcades were a principal focus of renowned German and Jewish literary and cultural critic Walter Benjamin. From 1927-1940 he worked on a massive, unfinished work: "My book, Paris Arcades, is the theater of all my struggles and all my ideas." The Arcades are set in the context of his life and times, through Benjamin's writings, correspondence, and quotations from The Arcades Project.

The Arcades Jens Hoffmann 2017-03-07 The Arcades Project (1927-40), the monumental unfinished work of cultural criticism by Walter Benjamin, is the German philosopher's effort to comprehend urban modernity through the 19th-century Parisian shopping arcade. The Arcades: Contemporary Art and Walter Benjamin combines artworks with archival materials and poetic interventions to form an original, multifaceted response to this collagelike cultural text. Jens Hoffmann astutely pairs works by thirty-six well-known and emerging artists, including Lee Friedlander, Andreas Gursky, Pierre Huyghe, and Cindy Sherman, with the thirty-six "Convolutes," or themes, in Benjamin's text. Bound into the main volume is a graphic novelette, from the imagination of Vito Manolo Roma, of Benjamin's dream the night before he committed suicide while fleeing the Nazis. Scholarly essays by Hoffmann and Caroline A. Jones, texts selected by the poet Kenneth Goldsmith, reproductions of Benjamin's handwritten notes, and a list of the main Paris arcades discussed by him round out this extraordinary publication.

The Cambridge Companion to Walter Benjamin David S. Ferris 2004-03-25 This Companion offers a comprehensive introduction to the work and thought of the highly influential twentieth-century critic and theorist Walter Benjamin. The volume provides examinations of the different aspects of Benjamin's work that have had a significant effect on contemporary critical and historical thought. Topics discussed by experts in the field include Benjamin's relation to the avant-garde movements of his time, the form of the work of art, his theories on language and mimesis, modernity, his relation to Brecht and the Frankfurt School, his significance and relevance to modern cultural studies, his formative interpretation of Romanticism, and his autobiographical writings. The volume is aimed at readers who may be coming to Benjamin for the first time or who have some knowledge of Benjamin but would like to know more about the issues and concepts central to his work. Additional material includes a guide to further reading and a chronology.

Rundfunkarbeiten Walter Benjamin 2022-01-28 "Benjamins Rundfunkarbeiten haben bislang nicht unbedingt die

Aufmerksamkeit erhalten, die sie verdienen. Gewohnt sprachlich klar und pointiert reflektiert W. B. hier über das neue Medium, das ihm über seine Hörspiele und Moderationen so vertraut war." Redaktion Gröls-Verlag (Edition Werke der Weltliteratur)

Spinne im eigenen Netz Momme Brodersen 1990

Inheriting Walter Benjamin Gerhard Richter 2016-02-25 Gerhard Richter examines, in the work of Walter Benjamin, one of the central problems of modernity: the question of how to receive an intellectual inheritance. Covering aspects of Benjamin's complex relationship to the legacies of such writers as Kant, Nietzsche, Kafka, Heidegger, and Derrida, each chapter attends to a key concern in Benjamin's writing, while reflecting on the challenges that this issue presents for the question of inheritability and transmissibility. Both reading Benjamin and watching himself reading Benjamin, Richter participates in the act of inheriting while also inquiring into the conditions of possibility for inheriting Benjamin's corpus today.

Walter Benjamin Howard Eiland 2014-01-20 Walter Benjamin was perhaps the twentieth century's most elusive intellectual. His writings defy categorization, and his improvised existence has proven irresistible to mythologizers. In a major new biography, Howard Eiland and Michael Jennings present a comprehensive portrait of the man and his times, as well as extensive commentary on his work.

Walter Benjamin Dag T. Andersson 2000

Walter Benjamin Howard Caygill 2005-07-25 This book analyses the development of Benjamin's concept of experience in his early writings showing that it emerges from an engagement with visual experience, and in particular the experience of colour.

Walter Benjamin and the Arcades Project Beatrice Hanssen 2006-08-10 One of the most significant cultural documents of the Weimar Republic and Nazi era, Walter Benjamin's unfinished Arcades Project has had a remarkable impact on present-day cultural theory, urban studies, cultural studies and literary interpretation. Originally designed as a panoramic study chronicling the rise and decline of the Parisian shopping arcades, Benjamin's work combines imaginative peregrinations through the changing city-scape of nineteenth-century Paris with passages that read like a blueprint for a new cultural theory of modernity. Walter Benjamin and the Arcades Project provides the first comprehensive introduction to this extraordinary work accessible to English-language readers. The diverse range of issues explored include the nature of collecting, the anatomy of melancholy, the flâneur, the physiognomy of ruins, the dialectical image, Benjamin's relation to Baudelaire, the practice of history-writing, and modernity and architecture. Contributors include Susan Buck-

Morss, Stanley Cavell, Jonathan Culler, Brigid Doherty, Barbara Johnson, Esther Leslie, Gerhard Richter, Andrew Benjamin, Howard Caygill, Beatrice Hanssen, Detlef Mertins, Elissa Marder, Tyrus Miller, and Irving Wohlfarth

Walter Benjamin Eli Friedlander 2012-01-15 Walter Benjamin is often viewed as a cultural critic who produced a vast array of brilliant and idiosyncratic pieces of writing with little more to unify them than the feeling that they all bear the stamp of his "unclassifiable" genius. Eli Friedlander argues that Walter Benjamin's corpus of writings must be recognized as a unique configuration of philosophy with an overarching coherence and a deep-seated commitment to engage the philosophical tradition. Friedlander finds in Benjamin's early works initial formulations of the different dimensions of his philosophical thinking. He leads through them to Benjamin's views on the dialectical image, the nature of language, the relation of beauty and truth, embodiment, dream and historical awakening, myth and history, as well as the afterlife and realization of meaning. Those notions are articulated both in themselves and in relation to central figures of the philosophical tradition. They are further viewed as leading to and coming together in *The Arcades Project*. Friedlander takes that incomplete work to be the central theater where these earlier philosophical preoccupations were to be played out. Benjamin envisaged in it the possibility of the highest order of thought taking the form of writing whose contents are the concrete time-bound particularities of human experience. Addressing the question of the possibility of such a presentation of philosophical truth provides the guiding thread for constellating the disparate moments of Benjamin's writings.

*The Dialectics of Seeing* Susan Buck-Morss 1991-07-01 Walter Benjamin's magnum opus was a book he did not live to write. In *The Dialectics of Seeing*, Susan Buck-Morss offers an inventive reconstruction of the *Passagen Werk*, or *Arcades Project*, as it might have taken form. Working with Benjamin's vast files of citations and commentary which contain a myriad of historical details from the dawn of consumer culture, Buck-Morss makes visible the conceptual structure that gives these fragments philosophical coherence. She uses images throughout the book to demonstrate that Benjamin took the debris of mass culture seriously as the source of philosophical truth. The Paris Arcades that so fascinated Benjamin (as they did the Surrealists whose "materialist metaphysics" he admired) were the prototype, the 19th century "ur-form" of the modern shopping mall. Benjamin's dialectics of seeing demonstrate how to read these consumer dream houses and so many other material objects of the time—from air balloons to women's fashions, from Baudelaire's poetry to Grandville's cartoons—as anticipations of social utopia and, simultaneously, as clues for a radical political critique. Buck-Morss plots Benjamin's intellectual orientation on axes running east and west, north and south—Moscow Paris, Berlin-Naples—and shows how such thinking in coordinates can explain his understanding of

"dialectics at a standstill." She argues for the continuing relevance of Benjamin's insights but then allows a set of "afterimages" to have the last word.

The Optic of Walter Benjamin Alex Coles 1999 The reception of Walter Benjamin's work has vindicated his own insight into the ways in which the optic of the present continually transforms the past. With particular focus on the city, glass architecture and themes of historiography, collecting, and ethnography, Benjamin's methodology of 'telescoping the past through the present' is put into practice. Contributors include: Benjamin Buchloch, Mark Dion, Detlef Mertens, Esther Leslie and Jane Rendell. 72 b/w illustrations 203

Approaches to Walter Benjamin's «the Arcades Project» Piotr Sniedziewski 2018-01-04 Walter Benjamin is one of the most important figures of modern culture. The authors focus within this book on Benjamin as a philosopher, but also as a writer. Philosophical and philological readings are accompanied by essays presenting his biography.

Walter Benjamin's Synthesis of Marxism and Judaic Messianism in The Arcades Project Mairead Margaret Widby 2004 Einbahnstraße Walter Benjamin 2020-06-03

Entwendungen Jessica Nitsche 2019 "Der Text ist ein Wald, in dem der Leser der Jäger ist" notierte Benjamin für sein Passagen-Projekt. Das Buch erschließt Benjamins Arbeitsweise erstmals ausgehend von seiner eigenen Lektürepraxis. Als lesender Jäger und Sammler durchforstete Benjamin Texte von Goethe, Marx, Kafka, Freud und vielen weiteren Autoren. Angesichts der Heterogenität seiner Quellen ist erstaunlich, dass sich in der Art seiner Lektüre methodische Eigenheiten wiederholen. Burkhardt Lindner hat diesen Zugriff auf andere Autoren als Entwendung beschrieben, mit der Benjamin "den fremden Text sich anverwandelt oder abstößt und damit in die eigenen Denkerfahrten einsenkt". Der Band erkundet verschiedene Dimensionen dieses Verfahrens und schärft den Begriff der Entwendung durch Einzelanalysen. So werden Denk- und Schreibweisen sichtbar, die bislang nicht als ein von Benjamin werkübergreifend angewendetes Verfahren aufgearbeitet wurden. "The reader is the hunter in the forest of the text" (Benjamin, Arcades Project). As a reading hunter Benjamin trawled through texts by Marx, Kafka, Freud, and many more. For the first time, the volume Entwendungen. Walter Benjamin und seine Quellen scrutinizes Benjamin's method based on his particular reading practice. The volume investigates the various angles of this practice, sharpens the notion of "Entwendung" by means of single case studies. It uncovers ways of thinking and writing that have not been identified as a method traversing the entirety of Benjamin's oeuvre.

The Politics of Quotation
